Cineplex Galaxy LP to Install Vista In 68 Cinemas Across Canada

Toronto, Ontario, Canada. June 23, 2004: Cineplex Galaxy LP one of Canada's leading cinema chains has announced that it will install the Vista Cinema Management software at 68 cinemas across Canada.

Cineplex Galaxy LP is a company that was recently formed by the merger of Cineplex Odeon Corp and Galaxy Entertainment Inc. As part of the merger a review of the company's theatre systems was undertaken. It was decided to replace all existing box office and concessions systems at the theaters with Vista.

Vista software is built in New Zealand by Vista Entertainment Solutions and is installed in more than 20 countries around the world.

Cineplex Galaxy LP has been piloting the Vista system at their Square One cinema in Mississauga, Ontario. Gord Nelson, Senior Vice President of Finance at Cineplex Galaxy LP said "We have been very pleased with the Vista system during our pilot phase. Our cinema staff has found the system very easy to use and are delighted with the wide variety and depth of capabilities the system offers. In addition, we have benefited from the functionality developed across the installation base of more than 20 countries and we have made a number of enhancements to the software to suit our specific operating style and these changes were made very quickly and were well supported by Vista."

Murray Holdaway, Chief Executive of Vista said, "We are very excited to have Cineplex Galaxy LP installing Vista in their theatres. We have a number of large circuits around the world using Vista, and several smaller circuits in North America, but Cineplex Galaxy LP is the first major circuit to install Vista in North America. This sale establishes Vista as one of the leading cinema software products in the world."

Dan McGrath, Executive Vice President of Cineplex Galaxy LP said "We chose Vista because we wanted an operating system that enabled us to have maximum flexibility as we expand our theatre circuit and the numerous guest services we offer. This system will enable us to substantially expand our *Elite* loyalty-marketing program and offer improved levels of service for our theatre guests. It will also provide increased reporting capabilities and "real-time" information at our head office that will help us to better respond to the business and our
