SilverCity Brampton Cinemas gets D-BOX Motion Seats in time for Jurassic World

Toronto, ON – June 9, 2015 (TSX: CGX) – Brampton movie-goers can treat themselves to one of cinema’s most immersive experiences beginning Friday, June 12, with the addition of D-BOX Motion Seats at *SilverCity Brampton Cinemas*.

D-BOX Motion Seats are a premium movie-going experience and one of the hottest technologies in cinema today, providing a multi-sensory enhancement to the action on the big screen. Many of today’s action-filled movies are specially coded to command D-BOX seats to move in concert with the action on the big screen.

SilverCity Brampton Cinemas will feature two rows of reserved seating in theatre’s UltraAVX auditorium. The D-BOX experience will open with one of the year’s most anticipated films, *Jurassic World*.

“D-BOX Motion Seats offer guests a whole new way to experience the movies,” said Mike Langdon, Director, Communications, Cineplex Entertainment. “D-BOX has been very popular elsewhere in Canada, and we know our guests are going to absolutely love this cutting-edge experience.”

Guests can control the intensity of movement produced by their seat, using controls in the seat’s armrest.

Cineplex Entertainment currently operates 31 D-BOX locations, with plans to open several more locations in 2015.
