

HYBRID

MEETINGS MADE BIGGER + BETTER ON THE BIG SCREEN

Cineplex has everything you need to take your hybrid meeting from customary to cutting-edge. We've invested in brand-new technology to elevate your meetings and connect audiences across the country, no matter where they're sitting.

With plug and play capabilities, hosting a noteworthy turnkey event for your meeting has never been simpler. With the choice of three customized package options and a dedicated member of our team to help you plan down to the last detail.

STANDARD PACKAGE STARTING AT \$3500

Optimize two-way communication between participating Cineplex locations and team members tuning in remotely with full audio, video and onsite technical support.

Bigger screen = bigger impact. Our experienced technicians will help launch your virtual connection and get everyone on the same page and into the action.

Our in-house audio-visual system offers built-in PTZ cameras (Motion camera with joystick), providing multiple camera angles of your presenters and audiences and seamless transitions between Cineplex locations.

PRODUCTION PACKAGE STARTING AT \$6500

Enjoy all the features of the standard package and make your presentation pop with additional graphic capabilities. Our experienced technician can assist with adding bumps, snipes mortise and lower thirds to create a visual impact worthy of the big screen.

PREMIUM PACKAGE STARTING AT \$12,500

Take the power of hybrid to the next level by putting everyone in the same room—literally. Harnessing the power of ScreenX technology, Our Christie projectors will broadcast your remote audiences on panoramic side screens, providing a truly unique virtual experience where presenters can engage with audiences at any Cineplex location as if they were all together in the same room.
